

Qualifications and Required Documentation for IRRSP Certification

DO NOT BEGIN YOUR APPLICATION UNTIL YOU HAVE REVIEWED AND COMPLETED ALL REQUIRED DOCUMENTATION

Applications for IRRSP certification examinations must be completed online through www.asntcertification.org for consideration. All required forms that are referenced in this document can be found at the following link: [All Required Documentation Forms](#)

All documentation can be attached and submitted digitally in the online application. It is imperative that you thoroughly review the qualifications for the examination and attach the appropriate verification forms. Scan original documents for upload. Print, manually complete, and scan additional forms for upload.

If any portions are not complete and/or required documentation not submitted, your application will not be considered for examination approval.

Requirement 1: Experience

ASNT Certification Services, LLC requires sufficient NDT experience to meet the minimum experience requirements in the method(s) for which you are applying.

Exam	Minimum Experience Requirements
Radioactive Materials (RAM or Gamma)	320 Hours
X-Ray Technologies	160 Hours
Combo (RAM & X-Ray)	320 Hours RAM 160 Hours X-Ray

Step 1: Experience must be documented on the IRRSP Employment History Form

Step 2: Add the Accepted Documentation (below) to support the Experience presented on the above form. – All documentation must be in English or accompanied by an English translation.

Experience: Acceptable documentation can include:

- Copies of Past Radiation Employment records
- Traceable documentation
- Signed statement from employer

Requirement 2: Training

Successfully complete at least 40 hours of instruction in radiation safety topics as defined by the US Nuclear Regulatory Commission (USNRC) in USNRC 10 CFR Part 34, or Agreement State Regulations, or other jurisdictional authority (documentation required) for RAM or RAM/X-ray. Successfully complete at least 40 hours of instruction in the radiation safety topics described in the Suggested State Regulations for Control of Radiation (SSRCR) Part E, E.17(g) for X-ray only. Such training can be classroom instructor led, computer based or blended, provided by an institute recognized by ASNT Certification Services, LLC. Documentation can be a certificate or statement signed by the course provider clearly listing the hours of attendance and agency license/registration number. **ASNT Certification Services, LLC will verify all documentation submitted.**

Exam	Minimum Training Requirements
Radioactive Materials (RAM or Gamma)	40 Hours
X-Ray Technologies	40 Hours
Combo (RAM & X-Ray)	40 Hours

Step 1: Training must be documented on the IRRSP Training Form.

Step 2: Add the Accepted Documentation (below) to support the Training presented on the above form. – All documentation must be in English or accompanied by an English translation.

Acceptable documentation:

- Copies of training certificate or statement signed by the course provider clearly listing the hours of attendance and agency license/registration number.

Requirement 3: Signature

ASNT Certification Services, LLC requires a copy of your signature on file.

REQUIRED FORM: Application Signature form

Requirement 4: Color Digital Photo (Headshot)

This certification requires the submission of a color photo. Photo must be a passport or license-style headshot. Photos may be taken on devices such as a personal digital camera, cell phone or webcam. Preferred format is .jpg (.gif or .png also accepted)

Revised: 10-14-2021

Requirement 5: Practical Examination

Candidates must submit a practical examination for the applicable method(s) (gamma ray, x-ray, or both), administered by an ASNT Certification Services, LLC recognized institution documented and mailed to ASNT Certification Services, LLC within six months of the written exam. Institutions recognized by ASNT Certification Services, LLC are government or private institutions licensed by the USNRC or Agreement States for gamma-radiation and by appropriate jurisdictional authorities for x-ray devices. Required Form: ASNT Certification Services, LLC IRRSP Practical.

Requirement 6: Current Contact Information

During the application process, provide your current address for certification material delivery.

Requirement 7: Identification

In order to be admitted to the exam center, 2 valid forms of identification are required, with at least one photo identification.

Complete name and correct spelling of name on identification must match the certification application name.

If the name on your identification does not match that on your ASNT record, contact ASNT Certification Services, LLC.

Valid photo identification includes:

- Current passport
- Current driver's license
- Current state or government issue identification card

Other acceptable identification includes:

- Work identification (photo, name)
- Utility with address of record

Requirement 8: Agreements

- [ASNT Certification Services, LLC Code of Ethics IRRSP certificate holders](#) – You must agree to abide by IRRSP Code of Ethics
- [ASNT Certification Services, LLC Transfer/Cancellation/Refund Policy](#)
- [Confirmation Statement](#)
